

Dear Dharma Friends!

The Bodhi Path center Renchen-Ulm was opened in **March 2006 by Jigme Rinpoche** and serves as the main seat of Shamar Rinpoche and the Bodhi Path centers in Europe since then.

Shamar Rinpoche created the **Bodhi Path Curriculum**, a detailed study program with emphasis on the teachings about Lojong (the 7-points mind training), which includes the training in Shine- and Lhagtong-Meditation. At the same time the curriculum presents a profound program for practice and studies of Buddhist Philosophy, particularly about the Mahamudra- and the Madyamika teachings.

The detailed curriculum can be viewed on our website.

Inspired by Rinpoche's blessing an intensive program of practice and studies on the basis of the Bodhi Path Curriculum takes place here regularly. Highly qualified masters and teachers from East and West continuously provide authentic Dharma teachings during their courses.

With their active and financial support, many people contributed to the creation of this place, where the precious teachings of Buddha Shakyamuni are given.

Thanks to the many one-time and regular donations numerous improvements could be implemented in the house, thus creating a beautiful and suitable setting for the courses. This includes the meditation hall, dining and guest rooms as well as terraces and the garden.

Thanks to its quiet location the center is very

suitable for times of retreat. For this three single rooms are available as well as a small extra kitchen.

Such a big house, which is open to all Dharma-practitioners, generates considerable recurring expenses such as financing the Lamas' visits, repayment of a mortgage loan, costs of administration, heating, water, electricity, insurance, telephone, maintenance, etc.

The rent the residents pay and the course fees cover part of the expenses, but not all.

For this we depend on the generosity of people who want to support the **Dharma activity and Shamar Rinpoche's vision** and each donation is an active contribution.

If you want to support the activity of the Bodhi Path Center in Renchen-Ulm:

Help in the kitchen, in the house or in the garden is as much appreciated as any financial support.

The center is run by a non-profit association and donations are therefore tax-deductible. Apart from non-recurring donations, each amount is helpful, there is the possibility of **becoming a supporting member**.

With a monthly contribution of € 15 min. each supporting member only pays the reduced fee for courses or single teachings.

All donations, one-time or recurring, are highly appreciated.

May we all create something meaningful for the benefit of sentient beings!
